Personal Profile

- I am highly interested in Full-stack Development and aspire to contribute meaningfully to challenging projects while growing professionally.

Internship Experience

1. Java Full-Stack Developer Intern

July 2026 – Oct 2026 (Ongoing) | Visakhapatnam, Andhra Pradesh

- Implementing backend services using Java, Springboot, JPA, RAG pipeline and PostgreSQL, developed REST and ESCO APIs, and contributing to enterprise Microservice application development at Swamika BV.

2. Python Full-Stack Developer Intern

Dec 2023 - May 2024 | Kakinada, Andhra Pradesh

- Developed backend modules using Python, Django, and SQL, implemented CRUD operations, and participated in testing and debugging web application at Krify Software Technologies.

Training Experience

1. Trained on Java and Springboot Technologies

Dec 2025 - Jan 2026 | Online

- Gained hands-on experience in developing web application using Java and handling RestAPI's at Codetech Pvt Ltd.

2. Trained on ReactJs Technology

June 2025 – July 2025 | Visakhapatnam, Andhra Pradesh

- Gained hands-on experience in developing web application using ReactJs technology at BRVS Tech LLC Pvt Ltd.

Projects

1. AI Driven CV Search Engine | Angular, Java(Springboot), RAG (2026)

- Architected an enterprise RAG and hybrid search platform processing multi-format resumes with layout-aware document extraction, sub-second hybrid vector-lexical retrieval, and hallucination-bounded candidate scoring.

2. AI Driven Farming Mentor For Landowners | ReactJs, Java (2026)

- It reduced manual farm planning by automating crop recommendations based on weather and seasonal conditions.
- Integrated weather APIs to support informed farming decisions.

3. EDNA Marine Biodiversity | ReactJs, Django, DNABERT (2025)

- It addresses the challenge of automating large-scale biodiversity analysis by replacing manual interpretation of EDNA data with AI-assisted processing.
- Processed 1,000+ DNA sequence records for biodiversity analysis.

Technical Skills

Programming

C, Java, Python, Javascript, SQL, HTML, CSS, ReactJs, Springboot , SpringAI, RAG.

Databases

MySQL, PostgreSQL

Educational Qualifications

BTech In Computer Science

G. M. R. Institute Of Technology,
2024-2027 (Pursuing) | Rajam.
CGPA: 8.1

Diploma In Computer Science

DR. B. R. Ambedkar G. M. R. Polytechnic,
2021-2024 | Rajamahendravaram.
Percentage: 93.1

Secondary School Certificate

Z. P. H. School,
2021 | Makkuva,
GPA: 9.8 / 10.0

Strengths

- Self-Learning.
- Continuous self-improvement mindset.

Hobbies

- Playing Cricket.
- Solving Coding Challenges.

Certifications

- The Joy Of Computing using Python achieved "Elite (NPTEL) Certification".

Special Interests

- Actively participated in hackathons, including Smart India Hackathon (SIH), HackHub, Avishkar S3 and GenAI, solved real-world problems through innovative solutions.
- Solved 400+ LeetCode problems on Data Structures and Algorithms.
